

### DESCRIPTION

Do we really need to explain the use of dish soap? On the other hand, if you are mixed, here is a guide to choose:

**Pink Dishsoap** to use in abundance without worrying about emptying your wallet.

**Green and yellow Dishsoap** more sparkling, more expensive, finally for your controlling little side.

**Orange Dishsoap** our luxury model

**Nature Dishsoap**: Our luxury model without the scent or the color.

**Pots & pans Detergent**.... Heuh to wash pots!

For those who like to experiment, try it like:

- Hand Soap
- Bubble bath
- Soap to wash your car
- Wash your clothes by hand

### DIRECTIONS

To not be overwhelmed in suds, a single cap will suffice. You can see water, just add more.

#### FOR USE IN FOOD PLANTS:

Surfaces in direct contact with food must be rinsed with potable water after treatment with the product.

### ENVIRONMENT

- ✓ Biodegradable
- ✓ Phosphate Free
- ✓ NPE Free
- ✓ Not regulated by Transport of Dangerous Goods Regulation (TDG)
